PREPARED BY

Crest Pest Control
(949) 424-5000
crestpestco.com
Orange County & Inland Empire, CA

- Licensed
- Bonded
- Insured
- CA Lic. #PR 9859

The Crest Advantage.

Experienced technicians, modern technology, and local ownership working for you.

✓ Experienced, well-trained technicians ensure consistent service quality.

- Average technician has been doing pest control for 10 years
- 50 hours of continuous education training per year
- Licensed and background checked
- Your property will consistently be serviced by the same technician. If a technician change is ever needed, we transition the account with the previous technician, a manager, or owner

✓ Technology that Provides Real-Time Visibility

- Detailed site map outlining included services, problem areas, and the placement of all pest control devices
- Customer portal to quickly see all prior services
- Reports include real-time visibility into pest activity

✓ Local Ownership Drives Accountability, Genuine Relationships, and Quicker Response Times.

- Guaranteed 48-hour response time (excl. Sundays)
- No call centers or AI agents answering the phone
- Direct access to ownership if problems arise
- Annual quality control visits by leadership

Our Proven Process.

A consistent, four-step approach applied to every property, every time.

1

Inspect the property and develop the plan

Perform an initial inspection and collaborate with the on-site team to create a customized plan for your property. Provide a detailed site map outlining included services, problem areas, and the placement of all pest control devices.

2

Provide real-time visibility and reporting

Detailed post-treatment reports outlining services provided and areas of activity.

3

Adjust the plan based on findings and tenant feedback

We recommend conducting a pest tenant survey before our initial visit and annually thereafter. Use findings to continually improve our treatment method.

4

Annual management check-ins to ensure consistent quality

This involves an in-person visit to check on service quality and a discussion with the on-site team.

The Crest Guarantee

Our promise is to deliver the world's best pest control experience. In every situation we ask: "What would the world's best pest control company do?" And then we do it.

First Visit

Not satisfied within 30 days of your first visit? We'll give you a full refund. No questions asked.

Follow-Up Visits

If we haven't lived up to our promises on follow-up visits, cancel anytime. No fees. No notice period. No hassle.

Between Visits

Seeing more than the occasional pest between scheduled visits? Call us anytime - we'll come back and retreat at no charge.

We guarantee a 5-star experience - or your money back.

Where We Serve.

Serving Orange County, Los Angeles, San Bernardino, and Riverside counties.

Residential

We protect the places people call home. Whether it's a single family residence, a multi-unit complex, or an HOA common area, we deliver targeted treatments that are safe for families, pets, and neighbors.

- Single family homes
- Multi-family / apartments
- HOAs & community common areas
- Mobile home parks

Commercial

From offices to restaurants, car dealerships to churches - Crest delivers professional pest management to businesses of every type. We understand the stakes and respond accordingly.

- Offices & industrial buildings
- Restaurants & food service
- Medical & care facilities
- Car dealerships, churches & venues
